POLICY

Telehealth policy

How we hold safe, private sessions by video. This policy applies to every clinician and every telehealth session.

SCOPE

All sessions held by video or phone, from any location.

OWNER

Dr. Rachel Moore, Clinical director. Reviewed every year.

Where sessions happen

Telehealth sessions run on the practice Zoom account, from a private, quiet room.

- Practice Zoom only
- Private room
- Headphones on

Before the session

Make sure telehealth consent is on file and the client knows how to join.

- Consent on file
- Link sent from SimplePractice
- Test your camera and sound

At the start of every session

Confirm the client's name, location and a phone number to reach them if the call drops.

- Name and location
- Backup phone number
- Who else is in the room

If something goes wrong

If the call drops, call the backup number. If a client is at risk, follow the crisis and safety protocol.

- Call the backup number
- Crisis protocol for risk
- Note it in the record
